ABOUT US

The Council of EU Chambers of Commerce in India (EU Chambers), established in 1992, is the only bilateral Chamber representing all 27 European Union Member States in India, with a special focus on supporting those EU countries that do not have an independent Chamber of Commerce in the country. With a network of over 1200+ member companies, the Chamber serves as a trusted platform for strengthening EU-India economic relations by promoting trade, investment, innovation, and sustainable growth. It brings together businesses, governments, industry leaders, academia, and policymakers to foster strategic partnerships, facilitate knowledge exchange, enhance international visibility, and create opportunities for collaboration across the EU-India business ecosystem.

Vision

To be the leading institutional platform advancing trade, investment and strategic economic partnerships between India and the European Union.

Mission

To connect Governments, businesses and institutions by facilitating trade, investment, policy dialogue and strategic collaborations that create sustainable and measurable value for the India-EU business ecosystem.
